# Chairman's Message

Last month it was my privilege and pleasure to attend the final of the Club Swimming Championship.

On that day the thing that impressed me most, apart from the meritorious swimming, was the spirit of sportsmanship and friendly camaraderie which existed between participants and spectators alike.

It was gratifying indeed to know that such an atmosphere pervaded one of our sporting events, particularly so because I feel that this spirit is typical of that which exists throughout the Club generally.

Understandably so, too, for our Club has been based on long-standing traditions of sportsmanship. In this we must indeed be considered fortunate, for surely, in these days when old values often tend to be cast aside, when materialism is deemed to be an end in itself, and when the pace of modern living threatens to ride roughshod over some of the finer things of life, it is vitally important to maintain this spirit of sportsmanship.

There are many things about our Club of which we can feel justly proud, but none more so than the atmosphere of true sportsmanship, and its implications, with which it is imbued, and with which, by association and example, it must imbue us.

## INTERESTING STORY FROM N.Z.

We got a really interesting story last month when two New Zealand friends came into the Club. They were Dave Blackie, who bred Tulloch, and Neville Souter, who bred Bali Ha'i.

The story concerns Bali Ha'i, who, most racing members will recall, won the Wellington Cup in New Zealand at the time when the Queen Mother was visiting that country. At the conclusion of that particular event, the Queen Mother presented the cup to Bali Ha'i's owner, Sir Ernest Davis.

After receiving the cup, Sir Ernest said: "And now, Your Majesty, I'd like to present you with a small gift, if you'll do me the honour of accepting it."

He thereupon gave Bali Ha'i to the surprised and delighted Queen Mother, and subsequently paid the complete expenses for its shipment to England.

For some time Bali Ha'i didn't do particularly well from the Queen Mother's stable, but recently struck form and won, first the Coombe Stakes and then the Queen Alexandra Stakes, thus nicely climaxing an impulsive and very generous gesture.

Bali Ha'i's breeding is interesting. He was out of Honeywood, a mare bought at Trentham National Sales in New Zealand for 290 guineas, and who was a complete failure throughout her entire racing career. But Honeywood's sire was Foxbridge, the Empire's leading sire, insofar as his progeny has won more money than those of any other.

Bali Ha'i has a full sister racing in New Zealand at the moment.

## PROMOTION FOR R. J. C. O'LOAN

Heartiest congratulations go to R. J. C. O'Loan on his appointment to the Board of Directors of David Jones Ltd. This is indeed well-deserved recognition for one who has given so much effort and loyalty to his company.

As Director of the parent company, Mr. O'Loan's actual duties will be concerned with one of David Jones' subsidiaries, Finney Isles and Co., of Brisbane. He will be their Managing Director.

While his many friends will be pleased with the news of his appointment, they will be sorry to know that his duties will be taking him away from Sydney, and will restrict his visits to the Club to those occasions when he will be down here on business.

All members wish you every success in your new position, and hope to see you in the Club as much as commitments will allow.

## STAN JONAS OVERSEAS

Life at the moment is pleasant indeed for Stan Jonas, Managing Director of well-known printers, H. C. Durant.

First off, he is on a world trip for his company. This takes in China, Japan, the British Isles, the Continental countries, America and Canada. He has already been abroad for four months, and will be returning towards the latter part of September.

On top of that, however, Stan's cup really "ranneth" over on Friday, 26th June. On that memorable day, he and Mrs. Jonas were presented with their first grandchild.

Daughter Jean and son-in-law Roy Burkinshaw were responsible for the addition to the Jonas family, and they couldn't have given the Durants a nicer present.

Incidentally, the grandchild is a boy, name of Colin, with the initials C.S.B. It could be that he's destined for financial success later on in life, as the initials are the same as those of the Commonwealth Savings Bank of Australia.

Congratulations, a happy continuation of your trip, and a safe return.

## LEN PALFREYMAN IN HOSPITAL

Members will be sorry to know that Len Palfreyman is on the sick list. He is at the War Memorial Hospital, Waverley.

It's unfortunate that Len's illness puts him out of action at this time, for he was our last snooker champion, and was looking forward to "wielding the cue" in the current matches.

Len is well remembered as a Rugby Union football player of note. He represented his country as a Wallaby.

Good luck, Len, and a speedy recovery. All your friends hope that you'll be back in the Club very soon to go into training for the next billiards tournament.

## NEW HOME FOR JIM CARRUTHERS

We had news last month that Jim Carruthers had just completed the purchase of a brand new home down Narrabeen way.

Jim will still be "mine host" at the old address (Bells Hotel, Bourke Street, East Sydney, for the benefit of those who haven't been around for the last few years), but he feels that a seaside home would be the ideal thing for his growing family. And, with summer coming on, who wouldn't agree?

Good luck in your new home, Jim.

o o o

## VALE TOMMY WALLACE

It is with the utmost regret and deep feelings of personal loss that many members and staff of Tattersall's Club learned of the passing of Tommy Wallace.

Tommy was a regular member, if there ever was one. He invariably lunched in the dining room, and hardly a day went by that he didn't pay the Club a visit.

Well-known and highly respected in business circles, Tommy had just completed his fiftieth year with the firm of Marchant and Co. Ltd. before he died.

During his 32 years of Club membership he earned the respect and friendship of many, and his presence will be sadly missed around a Club of which he was so much a part during his lifetime.

o o o

## DAVID EMANUEL ENGAGED

The engagement was announced last month of Club swimming champion David Emanuel to Ileana Dunea, daughter of Mr. and Mrs. C. Dunea, of Dover Heights.

Dave told us that he plans to marry in December, and is at present in the process of trying to solve that most difficult of all problems for intending brides and grooms—where to find a flat.

Congratulations, Dave, and good house hunting.

o o o

## OPERATION FOR JACK HOLMAN

We are sorry indeed to report that Jack Holman underwent an operation last month. Jack, who is a regular visitor to the dining room for lunch each day, has been missed by his many friends. All wish him a speedy recovery and a quick return to the Club.

## EXPECTING ANY MAIL?

Your stewards on the front desk do an excellent job. They consider it a part of that job, and also a courtesy, to remember as many members as possible by sight.

But, with two thousand six hundred names on our Club register, they can't do the impossible and remember EVERY one, particularly the newer stewards who haven't been with us long.

For this reason, unless members ask for it, mail often piles up at the desk. This causes inconvenience to members and confusion concerning delivery.

So, if there is any possibility of mail arriving for you, DON'T FORGET TO INQUIRE FOR IT WHEN YOU COME INTO THE CLUB.

In this way you'll avoid inconvenience to yourself and assist the stewards considerably.

### LAL BOWDEN TELLS OF AMERICAN TRIP

Last month we briefly reported some of Lal's doings in the U.S.A. per medium of a letter from his son. This issue we have more of them, this time in Lal's own words:—

"I travelled by the *Mariposa* to San Francisco and returned by the *Monterey*. Fortunately, I was favoured with glorious weather practically throughout the entire trip, both on land and on sea.

"I attended several race meetings held at Hollywood Park, Tanforan, Belmont Park and Jamaica, and saw the three leading jockeys in action: Willie Shoemaker, Eddie Arcaro, and Johnny Longden.

"The most thrilling and outstanding event was 'The Californian,' held at Hollywood Park. The distance was eight and a half furlongs, and the prize money \$112,000, which is about £50,000 in our money.

"The race had quite an international flavour, with the field comprising nine runners, one from Japan, two from Ireland, one from the Argentine, one from England, and four from the U.S.A.

"It was a terrific finish, with four horses going over the line with only inches separating them. The decision went to the topweight (8-11), Hillsdale, an American four-year-old. He won by a nose from the English four-year-old Amerigo (by Nearco). Amerigo carried seven stone nine pounds, and was ridden by Shoemaker. The winner was the hot favourite, and started at five to four on. The time for the race was 1 minute 40-4/5 seconds.

"Another feature race I saw was run at Jamaica track. It is called 'The Grey Lag,' and was a nine-furlong event worth \$75,000. This also was won by the topweight and even-money favourite, Vertex, a five-year-old horse. He established a weight-carrying record for the event, with a time of 1 minute 50 seconds. Vertex is claimed by the sporting writers as the best handicap horse in America.

"The interesting thing about 'The Grey Lag' I saw was that the trophies were presented to the winning owner, trainer and jockey by the Chairman of the Auckland (New Zealand) Racing Club.

"During my stay in the States I travelled exclusively by air. The new Boeing 707's are fantastic. The journey from San Francisco to New York takes only 4 hours 58 minutes. The cruising speed is 570 and, at one period, the aircraft got up to 640. Even at this speed there is barely any movement at all.

"The stage productions on Broadway are all everyone says about them. I was most impressed by 'My Fair Lady' and 'The Music Man.' Another comedy, which I consider the best ever, starred Claudette Colbert, Charles Boyer, and Julie Newmar. It was really sophisticated, and was called 'Marriage Go Round.'

"The floor shows in Florida and Las Vegas were tops. The most popular show at Miami Beach was at the Club Siam in the fabulous new 10-million-dollar Carillon Hotel. Appearing there was Darryl Stewart, jockey W. Cook's son-in-law. Billed as 'Australia's top record star,' he was in a show called 'French Dressing.' He has a ton of ability and, judging by the applause he received, he should go a long way.

"Along the foreshores of this fantastic Miami Beach there are no less than 450 luxury hotels, each with its private pool and individual beach facilities.

"I saw plenty of stars, including Jane Mansfield, Frank Sinatra, Marlene Dietrich and Harry Belafonte, in various shows, and did some wonderful tours, including Disneyland, which is unique and breathtaking for both young and old."

### GUESTS ENJOYED CLUB FUNCTION

It is always good to know that your efforts are appreciated. So it was gratifying to receive a letter from Vincent Pike congratulating the House Manager, the Staff and the Club generally on the organization of a dinner which Mr. Pike arranged at the Club in honour of Ray Maher on his election as Speaker of the Assembly.

Mr. Pike passed on the fact that many of his guests made very complimentary remarks about the function, and enjoyed a "graciously conducted" evening.

### BON EASTMENT IN SOUTH AMERICA

At present in South America on a business trip is Bon Eastment, partner in the building firm of F. T. Eastment and Sons. Bon has gone over to study the latest trends in building and architecture, and what better country to do it in than South America, home of the latest construction methods and the clean lines of modern architecture.

When last heard of, Bon was on his way to Mexico City. He had so arranged his itinerary that he was able to take a couple of days off there to see the Davis Cup inter-zone match between Mexico and Australia. So there would have been at least one voice raised loud in encouragement of the Australians from the stands at the courts.

### THE HIGH COST OF YEARLINGS

Club member C. Murray was kind enough to write us from his property at Inverell the other day to pass on an interesting piece of information. He told us he'd been looking through some old newspaper files, amongst which he found the following paragraph:

"The total amount of the yearling sales in Sydney in 1905 was £15,945."

How times (and prices) have changed!

### SECOND EARL FUTURE CHAMP.

### OLDEST MEMBER DIES

In this month's obituaries we reported the death of Dr. Llewellyn Rees, M.B., Ch.M., a passing which saddened many members who were friends of this fine man.

At the time of his death Dr. Rees had the longest membership of any Club member, 55 years, dating back to the 26th September, 1904.

### "LONG SHOT" FOR NORM PETERS

Norm Peters and his wife Van did the almost impossible the other evening at a charity ball given in aid of the Royal Institute for the Deaf, Dumb and Blind. It happened this way:

Les Tidmarsh and his wife Millicent (better known to her intimates as "Red"), who is Vice-President of the Institute, took a party along. Included were Len and Mrs. Hinds and Norm and Van.

A lucky door prize of a holiday trip to Surfers' Paradise was on offer, and the Peters won it. A sound stroke of luck if there ever was one. But that isn't the end of the story. Half way through the evening they took the lucky dance prize of a television set as well.

### G. E. RYDER'S NEW APPOINTMENT

The appointment of Mr. G. E. Ryder as Committeeman of the N.S.W. Branch of the Equestrian Federation of Australia has just been announced. The announcement was made by the Branch President, Mr. J. Barnes.

Mr. Ryder, a popular Club member and well-known sportsman, will represent the Sydney Turf Club.

All members offer you hearty congratulations on your appointment, Mr. Ryder.

### S.T.C. APPOINTMENTS

The Club offers heartiest congratulations to the three members who figured in recent Committee appointments for the S.T.C. Those concerned are Mr. W. Longworth, named Chairman; Mr. K. E. Manion, named Vice-Chairman; and Mr. W. P. Keighery, named Treasurer. All three have been well-known racing identities for many years, and have worked hard for the S.T.C.

The Club also expresses deep regret that ill-health caused the retirement of former S.T.C. Chairman, Mr. Tancred. The experience and knowledge of this well-known and well-respected racing figure will not be lost to the S.T.C., however, for he will stay on as a Director of that body.

# Bright Future for Doomben Winners

## SECOND EARL, EARLWOOD WERE POPULAR PICKS

*The Doomben double last month was reminiscent in names to a Caulfield and Melbourne Cup combination 11 years ago.*

*Red Fury and Rimfire won the 1948 Cups.*

*They had no form, but that didn't matter to many who coupled them merely on similarity of names, and some small backers got 10,000 to 1.*

*The two Earls for Doomben were at much shorter quotations, from 140/1 down to 100/1.*

*They were Second Earl and Earlwood.*

The Earls carried recommendations far above those of Red Fury and Rimfire.

Second Earl won his first seven races as a two-year-old, and might have carried his sequence much further but for a barrier accident in his eighth race.

He had a narrow escape from destruction, and it took a long time to recover, and longer to regain form.

He did not come right again until he reached Queensland to win the Healy Stakes and Lightning Stakes on Brisbane tracks.

He completed the hat-trick with success in the Doomben £10,000, beating one of the best fields of sprinters ever assembled in Australia.

He led most of the way, and battled on with great courage against frequent challenges to score by half a length from Blue Dart, with Squander Lad third.

With Gold Stakes favourite, Second Earl was a heavily backed second favourite at 4/1, and punters big and small landed a fortune from his success.

The writer believes that he is a long way above average, and that we shall see him in many more Australian successes in the approaching Spring, even at weight for age.

He looks like being able to stay at least a mile.

Although raced by a New Zealander, Second Earl represented an Australian win. The late Mr. F. W. Hughes bred him. Second Earl is by Tembu, whom Mr. Hughes imported from England. In New South Wales we have seen few of that sire's stock of note. But Second Earl is a horse of quality. Perhaps this is also because of his breeding on the

dam's side. He is out of Ajalon, a sister to 1950 Epsom winner, Achilles. Achilles was by Ajax, winner of 36 races, including 18 straight, and £40,250 in stakes. Eventually Ajax was sold at a high price to America. Achilles was the image of his sire, Ajax.

All Ajalon's stock possessed high quality. Ajalon, with a foal at foot, left New South Wales to join a New Zealand venture which Mr. Hughes shared with Alton Lodge Stud. The foal was Second Earl. So Second Earl had the New Zealand upbringing which has produced many champion stayers and sprinters on the Australian turf. As a yearling at the New Zealand sales, Second

Earl was bought by trainer Clifton for Mrs. C. McGregor, a retired hotelkeeper, for 850 gns. It was an excellent investment. The horse has won 11 races worth £17,635, and looks like competing successfully in other good Australian races.

Earlwood is a versatile, fast stayer and, after following pace-maker Skyline to the straight, he went past that Derby winner like a shot from a gun and gained a very easy Doomben Cup win.

He is to be set for the Caulfield Cup, and it seems merely a matter of his being healthy and fit for that October classic to ensure a tip-top mile and a half effort.

But without co-operation these biographical details are nigh impossible to get. So, when you propose or second a member, WOULD YOU GIVE THE SECRETARY A CONCISE BIOGRAPHY of the nominee?

By so doing you will help him become a part of the Club more quickly through this section.

## **SIR FRANK PACKER Kt. B., C.B.E.**

Sir Frank, awarded his knighthood for outstanding work in the newspaper field, really started at the bottom in his calling. His first job was a cadet on the old *Daily Guardian* and *Smith's Weekly*. Working his way rapidly through the ranks, he soon became a power in the newspaper world and, in 1936, took over the *Daily Telegraph* from Associated Newspapers Ltd. and formed Consolidated Press, which he has carried on to the present day.

He has an international reputation in the publishing business, and is a Director of Reuters. In this capacity he was recently in London representing the Australian and New Zealand press for the Reuters annual meeting. While there he also attended the Commonwealth Press Union annual meeting.

When World War II broke out Sir Frank joined the Armoured Division, and gained the rank of Lieutenant. Later he was seconded to the Depart-

ment of Allied Works, and made Director of Personnel, but, anxious to get back into action again, he rejoined the A.I.F., this time in Water Transport. He served in this unit until the end of the war.

Sir Frank was awarded the C.B.E. in June, 1951.

Always ready to give his services to any cause for the good of the community, Sir Frank is President of the Post Graduate Medical Foundation, and a member of the Council of the Nuclear Research Foundation.

A sound polo player in his time, he still maintains his interest in the sport, and acts as timekeeper for the matches at the Royal Easter Show. He is an enthusiastic tennis player, and keeps fit with frequent games on his court at home.

Sir Frank is married, and Lady Packer and he have two sons, Robert Clyde, who is Assistant Programme Manager for Channel 9, and Kerry, who works as a journalist on the *Daily Mail* in London.

## **SIR EDWARD EMERTON WARREN, C.M.G., M.L.C.**

Sir Edward was born in Broken Hill in 1896, and joined the staff of Abermain Colliery Co. Ltd. just at the outbreak of the first World War in 1914.

The next year saw him enlisted as a private in the A.I.F. He served with the Infantry, and was on Gallipoli and in France, where he distinguished himself as a gallant soldier.

In 1945 Sir Edward was named General Manager of the firm of J. and A. Brown and Abermain Seaham Collieries and, in 1949, was appointed Chairman of the N.S.W. Combined Colliery Proprietors' Association and of the Northern Colliery Proprietors' Association. He has earned a high reputation in both positions, and holds them at the present time.

Sir Edward toured England, the Continent and the United States in 1952 with a fact-finding mission which the Commonwealth had appointed to investigate the latest over-

seas coal-mining methods, and to report on possible improvements which our industry might adopt.

As Chairman of the Australian Coal Association, Sir Edward has played a major part in the raising of technical standards for the industry, and has done much to improve industrial relations.

As a well-deserved award of merit for his services to the coal industry, and for his untiring work for its general betterment, he was awarded a C.M.G. in 1956.

tribute to the generosity of Mr. Basser.

### **E. K. WHITE**

At a special luncheon held in his honour at the American Club last month, Mr. E. K. White was presented with a handsome engraved tray in appreciation of his outstanding work for the betterment of friendly relations between America and Australia in his capacity of Federal President of the Australian-American Association.

Mr. White founded the Association in 1936. It is made up of both Americans and Australians, and its purpose is to bring a better understanding between the peoples of the two countries. It has done a great deal to bring about a camaraderie amongst Americans living over here and our own people. It has also helped our own charities.

Mr. Waring, the United States Consul-General in Sydney, made the presentation to Mr. White, and paid him a fine tribute by stating that Mr. White's work with the Association had done much to help him in his office.

The President of the American Society was also present at the luncheon, and congratulated Mr. White on founding and working for a Society which now has about 2,000 members in N.S.W. alone, and about 8,000 throughout the Commonwealth. The Association has branches in San Francisco, Chicago, New York, London and New Zealand, a tribute to its necessity and usefulness.

### **MR. ADOLPH BASSER**

Mr. Adolph Basser, perhaps the country's best-known philanthropist, recently had a donation of £40,000 to the University of N.S.W. recognised by the naming of one of the University colleges after him.

"Basser" College was officially opened by the Governor-General, Sir William Slim, who paid a glowing

Division of the Australian Institute of Management, and President of the Museum of Applied Arts and Science.

Mr. Webster has an impressive war record. He served in the first A.I.F. of 1914-18, and was on Gallipoli and in Egypt and France. He was Staff Captain on Sir Douglas Haig's staff, and had the distinction of being the first Australian of the A.I.F. to receive staff rank at G.H.Q.

## CLUB CHAMPIONSHIPS COMPLETED

The competition for the Club Handball Championship has been finalised in all grades, and the results were:

"A" Grade and Club Champion: Winner, George McGilvray; runner-up, Bruce Partridge.

"B" Grade Championship: Winner, Robert Lipman; runner-up, Eric Thomson.

"C" Grade Championship: Winner, John Brice; runner-up, Ken Glass.

This series was probably the best that has ever been conducted, and the results were very gratifying to the Committee.

The most important competition was the "A" Grade and, as predicted, it finished between George McGilvray and Bruce Partridge. For many years this pair, together with Eddie Davis, have dominated our Club Championships. However, this year they had to overcome much greater opposition to reach the finals, and I am forecasting that next year we may find a new champion emerging from the ranks.

However, this year George McGilvray returned to form with a vengeance, and defeated Bruce Partridge 22/20, 21/15. This was a clear-cut win. George led throughout in the first set and, although Bruce made a gallant last-minute effort, he could not make it, and lost 22/20.

In the second set it was George all the way, with a 21/15 win for the set, match and Club Champion title. Congratulations to George for a very fine display.

The Umpire was Fred Harvie.

Last month I gave you a full description of the "B" Grade final, which was won by Bob Lipman, 14/21, 21/17, 22/20, over Eric Thomson, after a very exciting match. The Umpire was your correspondent.

The "C" Grade was perhaps the most exciting of all the grades, and resulted in a win for John Brice. It was anticipated that this could be the match of the series. Quite a large number of members turned up to see the play, and they were not disappointed.

Sam Block was the Umpire, and he told me after the match that it was the best "C" Grade final he had seen in 25 years of handball in our Club. Coming from Sam, that was praise indeed.

John won the first set 21/13, and his form was good, although I thought Ken was slow to begin. In the second set Ken showed his true form and, playing very fast handball, won 21/10, to even the sets at one each. However, John had been reserving himself for the final set and, using a very fine knowledge of all phases of the game, won the final set 21/17, after holding off a very determined late challenge.

Congratulations to the new champion, and honourable mention to Ken Glass, a very good runner-up.

Having successfully concluded the Championships, the Handicapper immediately began work. The following list is the result.

### "A" GRADE

- 5 Davis, E. E.
- 5 Partridge, B.
- 5 McGilvray, G. D.
- + 5 Abernethy, T.

- + 26 Chiene, B.
- + 27 Comans, J. V.
- + 28 Bear, C. L.

Having settled that matter, the Committee decided to arrange further competitions and, as a result, the following events were arranged.

### "THE WINOOKA TROPHY"

This is an annual event in memory of the late A. J. (Joe) Matthews, and is donated by Ted Forrest and Steve Blau. The prize is one keenly sought after. Conditions for this event are as follows.

The competition is arranged on the "tops and bottoms" system. This arrangement gives each player two chances to win. When a complete first round is finished, the winners stay in top half and the losers drop to the bottom half. Each section then has a new draw. As a player is defeated in the top half he drops to the bottom half for a new draw, and as each player in the bottom half loses he is eliminated from the competition. When only one player remains in each half they play off in a final, with the provision that if the remaining player in the top half is defeated, he is given the opportunity to challenge to a grand final, as he has only lost one game.

It is a handicap event of 41 up. Score at the opening of play to be that of the competitors' handicaps. (A on handicap of -5 plays B on handicap on +15. The game to commence at that score: A-5 v. B+15.)

### "THE DELTA TROPHY"

The Committee decided to conduct at the same time the competition for "The Delta Trophy." This prize is donated by

## NEW CLUB SWIMMING CHAMP

International Rugby Union footballer David Emanuel is the new champion swimmer of Tattersall's Club.

The eagerly awaited race for the title was held on 9th July and, as anticipated, it proved a match race between many-times champion Bill Kendall and the younger Dave Emanuel.

On 7th July the heats whetted the appetites of the fans, and the final was swum before a packed pool, those present including Club Chairman John Hickey and Treasurer Frank Carberry, both lovers of exciting sporting contests.

In the first heat Bill Kendall won well from Malcolm Fuller and Keith Longworth in 20.1 secs., quite a good swim from a standing start.

The second heat provided a sensation when Dave Emanuel swam 18.6 to beat Norm Rogers, with Allan Ball and Bob Harris dead-heating for third.

Conditions of the race provided for first in each heat and the next two fastest to swim in the final and, as Malcolm Fuller was not able to swim in the final, this left Ball and Harris to swim off to join Kendall, Emanuel and Rogers in the final.

Harris won well in 21.6, and qualified.

Starter Sam Block got them away well in the final, though Kendall may have been a fraction slow to leave the board.

Up the first lap Emanuel took an early lead, with Kendall going hard after him and nearly reaching him at the turn, but on the way home Emanuel shot away and won by about a yard and a half in the sparkling time of 18.5 secs., a time that is as good as any ever swum in the Pool from the championship start.

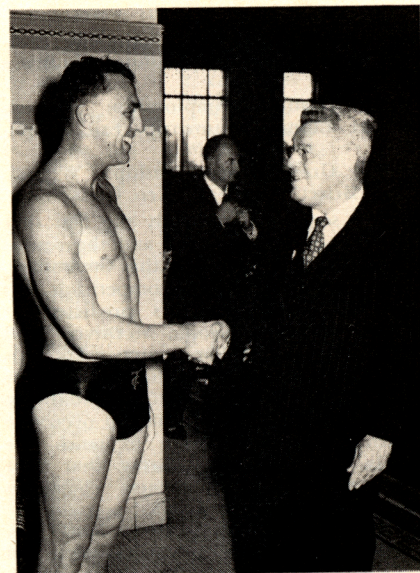

Norm Rogers was a good third, and this was a real surprise to some who hardly expected him to even qualify for the final. Norm is a good one, and we expect to see more of him next season.

All the honours went to David for his fine effort, and first to congratulate him was fine sportsman Bill Kendall, who had been beaten for the first time in a Club Championship, and who has always set a wonderful example of sportsmanship during all the years when he was the outstanding star.

Thanks go to Alf Collins for his donation of the Championship trophies.

Just as important to Club swimmers as the Championship was the final stage of the tussle for the "Native Son" trophy presented by Bill Kirwan for the member scoring most points during the season.

After a see-saw struggle all the season, Harold Herman won with 173 points, and a very popular win it was, too, Harold being a really solid swimmer under all conditions.

*Chairman John Hickey congratulates new champion Dave Emanuel.*

His most serious rival, Sid Sernack, was none too well in the closing stages of the contest, and in the last race was joined in second place by consistent Keith Longworth, both scoring 168 points, with Stu. Murray, who always finishes near the top of the ladder in this tussle, in third place, four points behind.

Les. Bear, who swam in every race during the season, was fifth, and Leigh Bowes sixth.

Ralph Corrick brought off a great coup by taking the June-July Point Score with a tally only half a point off the possible.

Strange to say, Ralph was uncertain right up to the last race that he would win, though all the boys told him that he was past the post. Anyway, he put it beyond doubt by winning the last race, a Brace Relay, partnered by big-event performer Col. Bowes.

So closes the 1958/59 season, perhaps the most notable in the Club's history of over 30 years.

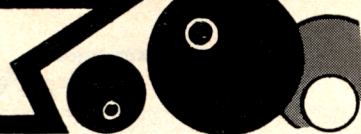

The boys will be able to keep in condition until the start of the new season in October by banging around the little ball on the handball courts, where they will be provided with much competition.

*The new and the old champions. Bill Kendall and Dave Emanuel with Swimming Officials J. Gunton, J. Dexter and A. S. Block.*

## PAIRS REDUCED TO FINALS

The Club Championship Pairs have been reduced to the finals. Finalists are Morrie Watson and Harold Hill, who play Don Passmore and Morrie Healy. The date is to be arranged, as both parties will not be able to get together till Morrie Watson gets home from U.S.A., which will be some time in September.

In the quarter-finals Ken Ranger and Jack Pick beat Charlie Traversi and Norbert Jones. Don Passmore and Morrie Healy beat Fred Empson and Swannie Schwarz. Morrie Watson and Harold Hill beat Eric Westhoff and K. Harris, while Vic Richards and Dick Relton beat E. Abbott and C. Cook.

In the semi-finals Morrie Watson and Harold Hill beat Vic Richards and Dick Relton, and Don Passmore and Morrie Healy beat Jack Pick and Ken Ranger.

Some particularly good bowls were played in these games. Congratulations to Morrie Healy in getting into the finals in both events.

### CHAMPIONSHIP SINGLES

The Championship Singles between Morrie Healy and Swannie Schwarz was down to be played at Double Bay on Thursday, July 23, but was out, owing to the weather. No date has been fixed as yet, but the final should be played before the next issue.

### ROLL-UP DAYS

Owing to the uncertain weather and absence up at the Gold Coast, our Thursday trophy games have had a poor month. Only one trophy day has been held, owing to poor attendances and postponements through greens not being playable at Double Bay.

Also the absence of the driving force of our President and Secretary has had an effect on the attendances. It's the annual migration to the Gold Coast for Alex Buckle and Gordon Booth, who have been spending July and August up there for some years.

### BIG SEND-OFF

On Tuesday, July 21, at Mascot Aerodrome, tourists Mr. and Mrs. Ken Williams, Mr. and Mrs. Ken Ranger, and Mr. and Mrs. Morrie Watson had a crowd nearly as big as the Prime Minister at their send-off to U.S.A.

Ken Williams and Alice are on a vacation, and also a visit to California to see daughter Allison, who has been in Los Angeles for 12 months doing physiotherapy.

Ken and son-in-law Morrie, with their wives, are on a short holiday to U.S.A.

All present at the farewell wished them a good holiday and a safe return.

They will all be missed by the Bowling Section, as they were regular attenders.

By the way, Ken Williams has got into the last four of the Double Bay Singles Championship. He was right at the top of his form on the Sunday before he left, winning the Pairs Handicap heat with Jack Phillips in the morning, and beating Jack Neale 31 to 14 in the afternoon.

He is no doubt looking forward to the Semi-finals on his return, but it's a pity he had to go away when he was right at the top of his form.

It's good to see Larry Dwyer around the Club again after a recent illness. It won't be long before he is back with the bowlers again.

### ALL BOWLERS

Don't forget our Thursday Roll-up. Put your name on the board, or ring Double Bay every Thursday before 1 p.m.

# Billiards Notes

## TOURNAMENT REACHING INTERESTING STAGE

The Billiards and Snooker Tournament is reaching an interesting stage as this issue of T.C.M. goes to press. Some very closely contested games have been played, some favourites have toppled, and some have proved their superiority. The one sure thing is that excitement is at its height.

The snooker game between Judge Holden and Les Haigh, a very seasoned campaigner, proved to be an exciting encounter. The Judge showed a marked improvement in form which gave him a decisive victory. So long as he maintains this form his opponents will have the job ahead of them to beat him.

The game between Mr. Justice Dovey and J. W. Maloney provided another unexpected snooker result. Half way through the match the Judge looked well beaten, but, revealing remarkable potting ability, he came again to win. At the crucial stage he doubled the pink for a perfectly

controlled shot, and then doubled the black, a much more difficult one, to "win on the post." These last two shots were in top championship class.

Perhaps the most tense snooker match was that between Mel Watson and Roy Bryden. Mel Watson opened up in great form, and in dashing style, to go away to an immediate lead of 24. This seemed to confirm the judgment of the spectators, who laid long odds on him. They had their fingers burnt, however, for, playing cold, calculating snooker with deliberate patience, Roy bided his time. He took no risks, and potted with extreme care and skill. Gradually he wore Mel down, and went on to a very well-deserved win.

Turning to billiards, the match between Jack Chown and Boyd Lane was keenly contested. Jack was the hot favourite, but Boyd unwound some really unexpected form to win decisively.

## HANDBALL NOTES

(Continued from page 11)

that good sportsman, Adolph Basser, and will be a prize worth while winning. The event is a straight-out "knock-out" competition played off handicaps, and is 41 up. The same handicap conditions are used as in the Winooka event.

Other conditions are the same as those for the earlier games. Players can arrange with their opponents for suitable times to suit each party. However, when the events have reached the semi-final stage, the Committee reserves the right to arrange the games. Any games at these stages played without their consent will be declared no game.

All games must be played with an Umpire officiating. There are always members around who are willing to carry out this duty.

Well, members, the draw for both events is now on the Notice Board. Away you go, and may you enjoy yourselves immensely.

Cheerio till next month.

ARTHUR McCAMLEY
